HSPA-300

## USB-Type HSDPA Dongle

Features

- 850/2100 MHz for HSDPA/UMTS
- 850/900/1800/1900 MHz for EDGE/GPRS/GSM network
- USB type modem
- HSDPA/UMTS high-speed data rate up to 3.6 Mbps
- EDGE/GPRS/GSM data rate up to 237 kbps
- No CD-ROM required for installation
- Drivers for Windows 2000/XP/Vista

RoHS COMPLIANT 2002/95/EC   CE FCC

Introduction

HSPA-300 enables deployment across high-speed cellular networks and is designed to enhance industrial PCs with high-bandwidth long-distance communication.

Specifications

Frequency Band	GSM/GPRS/EDGE 850/900/1800/1900 MHz UMTS (850 only, 1900 only, 2100 only, 850 & 2100, 850 & 1900
Interface	USB 2.0 full speed
Supply Voltage Range	3.4 ~ 4.5 V
LED	LED status indicator
Antenna	Internal antenna
Operating Temperature	0 ~ 60° C
SMS	Group messages, New/Send/Reply/Forward/SMS, Import from SIM/Modem to PC
Weight	< 30 g
Dimension (mm)	79.7 x 25.5 x 10.6

Packing List

Description	Quantity
USB-type HSDPA Modem	x 1
CD-ROM (User's Manual; Utility)	x 1

Ordering Information

Part Number	Specifications
968EMC0005	HSDPA 3.6 Mbps USB dongle

Software Specifications

- Detects Carrier Information
- Customizable Logo
- Language Localization Supported
- Auto-Dialing to Network
- Short Message Service
